Athletics Financial Update

(as of 3/16/2017)

Budget Status

Athletics is on track to meet FY17 projected revenues and balance its budget. Athletics has collected nearly 70% of projected revenues \$6M of \$8.9M with 3.5 months left in the fiscal year.

Fundraising

- Athletics has exceeded our budgeted fundraising projection of \$250k by 57% or \$334k.
- Operational - We have collected \$433,938 in Cash Donations and Pledges
- Bragg Stadium Renovations - \$150K for a total of **\$583,938**
- Investing In Champions Season Ticket/Annual Giving Campaign has achieved 25% (\$154k) of \$600k goal through 6 weeks averaging \$25k per week tracking \$100k ahead of last years INC Campaign. If we maintain our fundraising pace through fiscal year end we would generate an additional \$350k brining our fundraising total to **\$933,938**

Athletics Customer Service & Retention Center was Developed to Increase Ticket Sales and Improve Customer Experience

KPI's (Key Performance Indicators)

Academic Accomplishments (Fall 2015 to Fall 2016 Comparison)

- Increase in average GPA of sports that are currently in the APP Penalty structure.
- Increase in the ratio of average credit hours successfully earned to credit hours enrolled.
- Improvements in reported APR scores.
- Increase in overall number of graduates from 2014-15 to 2015-16.
- Athletics implemented Grades First Software System to improve academic monitoring, eligibility tracking and student services. This system has allowed FAMU faculty to report student-athlete academic performance real-time through a secure portal on-line.

Deficit Reduction Update

Athletics projected deficit has been reduced from **\$651K** to **\$122K** since Dec 2016 by executing objectives of its strategic plan to improve revenue, right-size the department and streamline business operations to reduce cost and improve efficiency. Several key strategic objectives are outlined below

NEWS FROM MEAC

2017 Football Season – Week 1:

The Mid-Eastern Athletic Conference, along with confirmation from the NCAA, has approved Florida A&M University's request to utilize an NCAA exception for the first game of the 2017 football season.

Through this exception, Florida A&M will partner with ESPN to nationally televise the first season-opening home Football game held at Bragg Memorial Stadium in six (6) years.

President Robinson Represented the University of ESPNU During the MEAC Basketball Tournament

LOCAL ATHLETICS RECRUITING

For the 2016-17 academic year:

- 200 out of 297 participants are designated as in-state student-athletes
- In-state student-athletes represent approximately 67% of the student-athlete population

For the 2015-16 academic year:

- 218 out of 300 participants are designated as in-state student-athletes
- In- state student-athletes represent approximately 72% of the student-athlete population

UPDATE ON NCAA SANCTIONS

NCAA MAJOR INFRACTION STATUS UPDATE

Year 1 Report (2015-16): (submitted on September 15, 2016)

The National Collegiate Athletic Association (NCAA) Division I Committee on Infractions accepted Florida A&M University's Year 1 report on December 6, 2016. FAMU is in compliance with the terms and conditions of probation for the 2016 calendar year.

FAMU Athletics will continue to institute actions as required by the NCAA from November 20, 2015 through November 19, 2019 through the follow:

1. Rules Education to all FAMU staff, student-athlete, representatives and donors.
2. Restructuring and enhancing the FAMU Athletics Academics and Compliance Services staff.
3. Implementation and regular use of monitoring systems

UPDATE ON NCAA SANCTIONS (cont'd)

NCAA ACADEMIC PERFORMANCE PROGRAM (APP) PENALTY

For the 2016-17 academic year:

- FAMU Athletics experienced a reduction in APP penalties as required by the NCAA Committee on Academics in several sports.
- Men's Basketball gained access to postseason competition.
- Football gained the ability to conduct partial Spring practice.

For the 2017-18 academic year:

- FAMU Athletics is currently undergoing an APR data review.
- It is anticipated that more teams will regain access to postseason based on the APR data that has been submitted during Fall 2016.
